

Dear [Parent/Guardian],

We are excited to share the results of the 2025 Summative English Language Proficiency Assessments for California (ELPAC) with you. At SDCCS, we celebrate the diversity and multilingualism of our students, recognizing the invaluable contributions they make to our school community.

Our primary goal is to support every student in becoming fully proficient in English while maintaining their linguistic and cultural identities.

To ensure continued growth, our teachers will provide explicit instruction focusing on both academic vocabulary and the essential skills necessary for success in the classroom. Multilingual students will receive tailored support, helping them build proficiency in English and excel in all areas of their education.

We also recognize the importance of family involvement in supporting student success. To this end, we will be holding a special meeting for parents of multilingual students in **August or September of the 2025–2026 school year**. This meeting will provide valuable information on how we can work together best to support your child's language development and academic progress. Further details will be shared soon.

We genuinely value your input and look forward to partnering with you in your child's ongoing academic journey.

Thank you for being an essential part of our school community. If you have any immediate questions or concerns, please feel free to contact us.
